Merit Construction Alliance dues are 100% tax deductible as ordinary and necessary business expenses.

THE MERIT CONSTRUCTION ALLIANCE APPRECIATES YOUR INVESTMENT!

The Merit Construction Alliance is a non-profit, non-partisan association that believes the awarding of construction contracts should be based solely on merit, applying criteria such as quality, value, budget, schedule and safety. The Merit Construction Alliance advances this philosophy by, among other things, educating owners, the public, the business community and government officials using original research, statistical analysis, media and outreach initiatives.
